Lifelike Trees by the experts at

NURSERY & CRAFTS

Where Beautiful Things Begin

oo early to start thinking about Christmas? Perhaps, as far as some things go, but if there's been somegs go,gs go, the there's been some discussion in your family as to the type of tree you'd like to have this year, it may not be too soon.

If you're sticking with the traditional-type holiday with a fresh-cut tree . . . yes, it's too early. But if you're considering a lifelike tree . . . read on!

Lifelike trees offer many advantages over fresh-cut. First is cost. A lifelike tree may cost more initially, but when you consider it will be around for several will be around for several years, its per-year cost dwindles dramatically. Take a \$100 tree for example. Assuming it'll last ten years (most last even longer), it comes out to \$10 per season. It's tough to find a good-looking fresh tree for a tenspot nowadays.

Easy care is another advantage. They don't need to be watered. Their rich green color will be just as vivid next year and many years thereafter. No step on with bare feet. About the only care they require is proper packing and storage when not in use.

Safety is a big factor. Frank's lifelike trees are flame-retardant and that's a real plus. But we don't want you to be misled. Flame-retardant means it will resist flame - much more so than a live tree. You still must use the same precautions as you would with a live one. Don't place it near heat sources. Damaged light strings should not be used on any type of tree. used on any type of tree. And always unplug the lights when nobody's around, you leave home or go to bed.

Want more advantages? We have 'em. How about convenience? You don't have to go out and pick

one every year. Haul it out of the attic, garage or wherever and presto, you have an instant tree. Almost. It has to be set up, but assembling today's lifelike trees is not like the past. They're constructed with ease of assembly in mind.

The first time you The first time you assemble it will most likely take the longest, since it'll all be new to you. But don't worry; it's still a piece of cake, so much so that you'll probably end up memorizing it.

If your tree is the type with removable branches, it's always a good idea to keep each row's branches κeep each row's branches separate. This is easily accomplished by tying them together when you take the tree down. Many trees have hinged branches that are never removed.

If a lifelike tree is the way you'd like to go this year, there are several choices. They're available in small tabletop models to giant ceiling-scrapers and everything in between. It's much like choosing a live tree. Looks and size usually dictate the choice.

Traditionalist? Still prefer a live, fresh-cut tree? Not a problem. But as we said, it's a tad too soon. When the time's right, we'll have some tips on their selection and

the Granite City community

recently.

Its proud and rich history of helping build God's church on the foundation of Jesus Christ has been a strong influence in the Metro East Clark Avenue's minister,

Gordon Jantz, attributes this spiritual feat to loving and caring members, home bible studies, a bus ministry trainary out the control of the

preachers who are now ministering to God's people in other parts of our great nation. Clark Avenue's real influence on Granite City cannot be fully measured, but they strongly believe it is real. It is powerful, and it the future. They invite Granite City's citizens to join them on their spiritual journey into the new millennium.

"At the hospital, our food service handlers have been wearing gloves for a long time," lich said. "This is going to be a hard thing for food handlers to learn and for restaurant operators to

continue to train on, since there's such a high employed turnover in the industry."

The state of Illinois does turnover in the industry."

The state of Illinois does to don gloves while interacting with ready-to-eat foods. But Carl Langkop, chief of communicable diseases for the Illinois Public Health Department, said there are state guidelines recommendible the state guidelines recommendible behavior that's in the public's best interest.

"For instance, employees are not supposed to work in any food handling capacity when they have any sort of Langkop said." We're also asking that food handlers trim their fingernails short. Gloves can be a good barrier to prevent the spread of hepatitis A, but only if they are used correctly. If a clean then touches ready-to-eat food, contamination occurs."

The state of Illinois is experiencing a notable increase - between 15 and 20 percent - in reported cases of hepatitis A so far this year.

Langkop said.

"The number of cases this year is above average of what Illinois has seen the past five years. But hepatitis A contracted once This increase should persist over one to three years, and as more people become immune to it, the number of new cases will decline."

Susan Turner, unit director of the Occupational Clarc's Hospital in Alton, said she has received several calls from local restaurant owners who are interested in having their employees receive hepatitis A vaccinations. Typically, one dose is administered with the properties of the contraction of the contra

All of a sudden we saw those things coming together where we were coming together where we were creating well, and the defense continued to get better. They were pretty good all through the season anyway.

"The offense put them in some pretty tight spots nev and all season. Our pass defense had some trouble, but then all of a sudden they just really grew up. Alton (a. 21-14 victory) was just an outstanding effort, and then of course the game against East a great effort on their part. "The running game started getting a little bit better for us, we were able to do some things with our passing game, and with Pranko being able to get out on cither pass or run, that created some problems for other people. We were able to get more of a dimension for our offense and

Cahokia senior Roderick
Dotts has made it a policy to let
his actions speak for him.
But he did make a promise
to Greg Crockett.
But he did make a promise
to Greg Crockett.
To me the
other day that he was going to
run to qualify for state," said
Crockett, who coaches the
Cahokia cross country and
rack teams. "I just listened to
him, didn't say anything.
The Cahokia cross country and

state meet, which was scheduled to take place Saturday in
Peetle was in real good position, and he just held it,"
Crockett said. "He got a little
stronger at the end and moved
up a few places. He did a real
good job."
"To made it to state
despite not competing in cross

haven't been out for cross country in a while. I missed two years, and I wanted to come do not be a seen and I wanted to come to the come of the country that I could do it because I don't think he believed I could make it coming back like this my senior year. I mitially used as not to get my senior year. I make the country became a proving ground for Dotts. In track, I want to win state his year in the 400 (yard dash), try to get my time down to 46.9 or 46.7 I want to make a run for the state record, just try to get my time down to 46.9 or 46.7 I want to make a run for the state record, just try came out for cross country. As a junior, Dotts placed nith in the state in the 400-meter dash with a time of 50.92. He also was a member of Cahokia S 1.600-meter relay

coam which placed sixth at state, and a member of the placed seventh.

"We were using cross country as a real base to help us do better in track, but Rod also got serious about competing in cross country itself," saids with helping others realize the same enthusiasm.

"At the beginning of the season, he did a real good job with leadership," Crockett said. Then he kind of backed of all the bit, Somethims you put a little bit, Somethims you put a and they aren't comfortable with it, so you let them lead by example, and that's what he did."

example, and that's what he did."

Dotts plans to play basketball during the winter to keep in shape.

"I'm going to go out for the team." he said. "If I don't make it. I'll probabb just go out for the team." he said. "If I don't make it. I'll probabb just go out for the plant good of the said to pursue glory in the spring.

"I went undefeated up until the state finals," Dotts said about his performance in the 400-yard dash as a junior. "I went dash as a junior said. I had the top time in the preliminaries. I just don't want to do that this year, I want to come real strong, that's why I went out for cross country. I just wanna blast this year, just try to kill, try to get that record."

While the sensual moon and romantic Venus reside in luxurious Taurus, your mind will be drawn toward pleasurable pursuits, preferably with the opposite sex. The sun and sexy Mars reside in partner-oriented Gemini, which will help you take to action swiftly and with great conviction. If you follow through with your intuitions, you are certain to be profoundly rewarded.

ARIES (March 21-April 19). The most lucrative plan is the one that utilizes your talents the best. Serious discussion enables you and a partner to

reach compromise. Love is met at a popular club or restaurant.

TAURUS (April 20-May 20). Find new ways to be featured on the job. Pisces and Cancer are excellent romantic prospects. Point out what you have in common with a love interest before introducing this person to a different side of your life.

GEMINI (May 21-June 21). A risk-taker could help you get directed on a more posi-tive career path. You could easily stumble onto a windfall. You like someone at first glance, and the feeling is absolutely mutual.

CANCER (June 22-July 22). You are the beneficiary of remarkable power and drive. Support friends, even if their plan makes little sense to you. Those close rub off on you, though you may not think so. LEO (July 23-Aug. 22). Work in the morning, and you are completely free the rest of the weekend to investigate your romantic options. Dates tonight will treate outstanding the control of the control of

TODAY'S BIRTHDAY (November 7). When you think about your financial sit-uation, what do you see, for-tune or misfortune? If you desire to make a change in your money picture, promise yourself to accept only chal-lenging positions. An influx of cash could come in September or January. Your best signs for love are Capricorn and Cancer. Your lucky numbers are 1, 13, 29, 31 and 40.

VIRGO (Aug. 23-Sept. 22). You take care of business with meticulous attention, just be sure to let others make their own decisions. Singles find love at the bowling alley or another popular sporting arena. Friends are even more thoughtful than usual.

LIBRA (Sept. 23-Oct. 23). You have increased physical strength. This is the ideal time to start a training program. A lover's pact is reinstated, improving a relationship significantly. Quickly seek results, and you will find them right away.

SCORPIO (Oct. 24-Nov. 21) You make an exceptional teacher now. Friends and co-workers help you find a way to beat the system. Long-over-

due dividends arrive. Your love makes a sacrifice on your behalf without provocation.

SAGITTARIUS (Nov. 22-Dec. 21). Full attention to a sweet heart's needs is only possible when you meet your own needs first. Financial wiz ardry is only a temporary fix. "Co- worhance?"

"Co-worhance?"

Cancer and Taurus are highly compatible, with a similar attitude about marriage and home life. In short, they love their homes and will guard their family life bravely. Yes, Taurus loves to be married, and yes, Gemini just might swoop in for another round. But if this man feels you have helped heal his broken heart, he will treat you with characteristic decency and respect. He won't go running back to his wife if he is truly attached to you. In fact, he is probably litching to file

divorce papers, but he may wait for his wife to do it first because he doesn't want such a thing on his conscience. Taurus can wait, and wait, and wait. There is no telling how long this could take.

CELEBRITY PROFILES; With his purposeful sun and emotional moon in airy Gemini, coupled with Mercury and loving Venus in domestic, nutruting Cancer, Danny Aiello may be closer than we think to the soft-hearted tough guy he so often portrays. With aggressive Mars in tame and some what shy Virgo, the-gruff exterior is all for show. Aiello may make a move to director this year, enlisting the help of his "brat pack" pals. Things Remembered holiday ornament helps Make-A-Wish Foundation

\$2 from every purchase goes to charity

Holiday shoppers have an opportunity to get a head start for a worthy cause next weeken. The same and the same are same and the same are located in Chesterfield Mall, Northwest Plaza and Mid-Rivers Mall. For the second consecutive year, Things Remembered has designed a holiday ornament to com-

memorate a Make-A-Wish child.

The "Holiday Wishes from the Heart" pewter ornament will be on sale next weekend for \$12.99, with \$2 from each ornament going toward the \$1. Louis area Make-A-Wish Last year, more than 800 Things Remembered stores nationwide sold the ornament, raising \$111,000 for the Make-A-Wish Foundation.

Holiday Ornament, "Holiday Wishes from the Heart," will be on sale at Things Remembered locations Nov.
